All managers shall familiarise themselves with their duties as detailed in the Health & Safety Manual, and all employees have a part to play if high standards are to be achieved and maintained.

The Company requests that all employees take a pro-active role in improving Health & Safety performance and encourages suggestions on how methods of work can be improved. The duty of employees is explained in the Company's Safety manual and at the Health & Safety induction talk on first joining the Company. This will be reinforced through general Health & Safety awareness training courses when the Company's working procedures and the contents of the Company's Health & Safety manual will be brought to the attention of the employee.

The Company will provide safe plant, equipment and tools that conform to EC, BS and other relevant standards and that safe systems of work are in place and followed. With regard to the safe handling of substances the Company has COSHH procedures and a COSHH Manual in place to ensure safe practices when handling hazardous substances. In this way the Company will ensure that they will provide a safe place of work and a safe working environment for its employees and ensure that other persons are not adversely affected by the Company's work.

These safe systems of work are underpinned by a strong commitment to training and the Company will review staff training needs on an annual basis. Mr R J Chapman will ensure a suitable budget is allowed for employee training and retraining.

The operation of this Policy will be monitored by Mr Clive Chapman assisted by PRS Hire Services, Health & Safety Advisers. PRS Hire Services is available to advise all employees on matters relating to Health and Safety.

The Company is committed to the continuous improvement in Health and Safety performance in the same way it is committed to continuous improvement in product quality.
